

IPE/HIV
FOR PRIMARY CARE

We can help you teach your students:

- motivational interviewing / behavior change
- interprofessional team communication
- quality improvement methods

We offer advanced training on:

- HIV testing and prevention
- treatment of HIV infection
- primary care for patients with HIV

IPE/HIV Faculty Survey

* 1. Name, Title and Department

2. At what email address would you like to be contacted?

* 3. In what programs do you teach? (ex. DNP, ARN, PA, MD, PharmD, PhD...)

* 4. What courses do you teach?

* 5. In the courses you teach, where is HIV Care covered?

* 6. In the courses you teach, where COULD HIV be incorporated?

* 7. In the courses you teach, where is Inter-professional education (IPE) currently incorporated?

* 8. In the courses you teach, where is quality improvement (QI) or practice transformation currently incorporated?

* 9. Are you currently or potentially interested in HIV care?

* 10. What resources (such as trainings) could help you incorporate HIV care into your courses?

11. Please create your unique ID number: Use the month of your birth, the day of your birth, and the last four digits of your social security number. For example, May 29, 123-45-6789 has the ID number 05296789.
