

Identifying Potential Challenges and Opportunities Form¹

How to Use this Form: Health care team members document challenges and opportunities regarding each component of mental health care (screening, diagnosing, treating, and following-up) in your clinic. Submit the form to your administrator, clinical director, quality improvement coordinator, team leader or _____.

Where to Obtain Additional Assistance: Contact the HRSA-funded AIDS Education and Training Center (AETC) for your region for training, consultation and technical assistance OR send requests to info@aidsetc.org, and you will be connected to your regional AETC for further assistance.
