Implementation of CDC HIV Testing Recommendations: From an RTC Perspective

Shelley Miller
TRAINING 3
Historic Perspective

- What happens in Family Planning clinics
- Pre - 2006 Revised Recommendations
- Post – 2006 Revised Recommendations
OPA & CDC Funding

- **OPA Grants**
  - 77 projects
  - 3rd – 3 year cycle
- **CDC ⇒ 4th year of 5 year cooperative agreement**
  - Model clinics
  - Toolbox
  - Levels of Integration
  - PFA
A Huge Learning Curve ... lessons learned

- Early miss-steps
  - Importance of stakeholders/champion
- Cultural/Organization change
  - Staff involvement
- Preparation for +’s
- Know state laws and advocates
A Huge Learning Curve ... 

lessons learned (cont.)

- Streamlining training
- Streamline intervention
- Still don’t know our prevalence
- Conventional vs. Rapid (time and $)
- WE need to be open to change ...
  this is a “work in progress”
- Need for good resource/referral information
What Training Centers are doing

What Providers are doing
What happens next?

We have developed a level of expertise ... now what?
THANKS for listening ...
